GARDEN STORE

Our Garden Store is most conveniently located at 2045 East Avenue on Rochester's finest thoroughfare. It is served by East Avenue busses, and is within two minutes walking distance of the Winton Loop Station of the Rochester Local Subway, or within five minutes walk of the Winton Road stop for Park Avenue busses.

At our Garden Store, we carry an extensive and interesting selection of evergreens, trees, shrubs, roses and vines, as well as the most popular varieties and recent introductions among the perennials and annuals. All plants may be seen on our Display Grounds and the actual plants may be selected by our customers for their planting. A unique opportunity is afforded them to see the different plants arranged as they will appear in the final planting combinations. This is far more satisfying than buying from catalogues and salesmen.

Scott's grass seeds and fertilizers are featured here, and a full line of sprays, mulching materials, garden sundries and other fertilizers are on sale.

LANDSCAPE SERVICE

Competent landscape advice by graduate Landscape Architects is available to our customers, and we solicit an opportunity to outline a distinctive planting and improvement program.

We are prepared to bid on all kinds of landscape work and especially on carrying out on a contract basis the work included in the plans of architects and landscape architects. We are as well equipped as any firm in Western New York

to handle planting, grading, lawn building and garden construction to the complete satisfaction of our customers.

LARGE TREE MOVING

We specialize in the moving of large size trees for shade and fruit, and have available an extensive list of varieties to select from. All trees are moved by modern scientific methods and are guaranteed for two years. Our customers are privileged to pick out the particular trees they desire.

MAINTENANCE SERVICE

Skilled workmen are supplied to prune, take care of lawns, spade shrub borders and maintain plantings and gardens on either an hourly or seasonal contract basis.

TERMS OF SALE

PRICES may be changed without notice, and orders are accepted subject to our being able to supply at time of delivery.

QUALITY of stock is the best available, fully up to size, and our customers may always pick out the plants they want *at no extra cost*.

GUARANTEE: All plants are guaranteed to be true-to-name and in good condition. We replace once, free of charge any plant which dies before October first following the date of purchase, or after one growing season, provided it has had reasonable care and loss is not occasioned by pests, rabbits or mice. All claims for replacement and returned goods must be accompanied by the sales slip or invoice.

TERMS: Cash with order or upon delivery. Charge accounts will be opened for customers who provide satisfactory credit references. Such accounts will be payable within 30 days from date of invoice. The free replacement guarantee is voided on any account which is more than 90 days overdue.

DELIVERIES: Free delivery is made within the Rochester city and suburban area. Outside this area, a moderate charge will be made.

PERENNIALS

See Special Price List No. 2

Our Garden Store carries a complete line of all the standard varieties of Perennials. In addition, it features the Introductions of Recent Years and the Novelties of 1942.

A large proportion of our perennial plants are dug with earth and transplanted right in the field into Cloverset pots so they never lose their freshness.

Many specialties have been planted in pots early in the season and are growing vigorously ready for planting into your garden with no check or delay in flowering.

Our perennials are brought into our Garden Store every day during the spring season which insures your getting plants in a fresh and healthy condition.
